

# MUVUCA

2 players

ages 10+

25 minutes

Tactically **push the crowd** to win this street vending **duel!**

## OVERVIEW

Inspired by packed crowds outside Brazilian stadiums, **Muvuca** is a card game about two street vendors **pushing people** to bring common interests together and score points. Which card enters the crowd - and how it **slides the card grid** - is the key to finding your tactics and winning! Can you **plan ahead** and be their favorite merchant?

## HOW TO PLAY

- 1 Your goal is to make **big groups of identical adjacent symbols** in the grid - one player focuses on food, the other on jackets.
- 2 Every turn, choose a row/column in the grid and a direction to **push all the cards** on that line.
- 3 A card from your hand **enters the grid** and the pushed one goes to your opponent.

## HIGHLIGHTS

- **New tactics every turn!** The possibilities change with every new card pushed.
- **Same cards, different goals!** Each player looks at all cards in a distinct way.
- **A game for everyone!** No language required, everyone can learn in minutes.
- **Ready to be expanded!** New mechanics can be introduced with just a few cards.

**COMPONENTS** Only 27 cards! 25 Crowd, 1 Cart and 1 Victory Card
